

NIRANKARI MISSION- FOUNTAINHEAD OF *Universal Brotherhood*

— Amrita Neburi, New Jersey

Some students have a background, identity, interest, or talent that is so meaningful. The unique Sant Nirankari Mission, has deeply influenced me. It has given a meaning to my journey of life with a purposeful destination.

Sant Nirankari Mission that propagates universal brotherhood, is open to all religions. It is a place where people of

judgement, I have become a person who loves everything around me. It so easy to judge someone by his race, beliefs, habits, dress etc. But this mission, the benevolent messages I have heard from here, has brought me to a brighter side of life where everybody lives in harmony, unity and oneness.

I face a lot of questions about what harmony, unity and oneness mean. I simply tell people that in a small world, there is no reason to put up barriers amongst ourselves. No matter where we live in the world, walls will do no good to us. Rather, we should build bridges because we are all the same. We are all human beings belonging to the same entity- Formless Lord.

There is so much hate in the world, so much negativity. Be it bullying that a student experiences in high school or

different backgrounds and ethnicity come together to sing the glory of god. This Mission holds a special place in my heart not just because I'm in the company of saints from all over the world, but because I get the opportunity to hear the words of wisdom from many saints. Their golden words, their teachings have transformed me into the human being I am today. Rather than being a person who despises others and sits on

mass shootings all around the world, no matter how hard we try, there is always some kind of hatred that everybody experiences. For example, religious labels only divide humanity. There is no such thing as a Christian baby or a Muslim child more than there is a Communist baby or a liberal child. The truth is that we are all born as one entity- humans. Hate and negativity divide us and are an obstacle to unity in diversity.
