

## **Holy Sister Niranjan ji and Rev. Sukhdev ji's NY Visit (Aug 23rd – Aug 25th, 2019)**

With the grace of Satguru Mata Sudiksha Ji Maharaj, NY-CT Branch had the auspicious opportunity to host a two day congregational event in the presence of reverend Sukhdev Ji and Holy sister Niranjan Ji. The first of the 2 day program was held on Friday evening August 23rd, 2019 in Long Island, New York at the residence of reverend Parul Ji and Ashish Khanna Ji while the concluding day event was held at a community convention hall.

Both events were attended by great number of devotees. Devotees of all ages had come together take part in the Hall preparation as well as several related volunteer opportunities. The joy and the excitement to further one's spiritual engagement were quite evident in the atmosphere. It would be completely appropriate to equate

the events to a mini Samagam. During the congregation, devotees made a humble attempt to glorify the almighty Nirankar through the medium of devotional hymns, poems, personal anecdotes.

**Addressing the congregation, reverend Sukhdev Ji** blessed that during Nirankari Raj Mata ji's time, they had made several visits to countries abroad and had received many opportunities to learn and grow spiritually. Once back in 1979 during their trip to England, a devotee family which was financially very well blessed, insisted that the visiting saints abide at their residence.

In the middle of the night, there arose some unpleasant noises from the main floor. Upon inquiry it was learned that the children of the family had just returned from a social event and had expressed anger for the impromptu arrangement of having saints stay at their home. Next day when the saints along with the head of the family were traveling to another town, the mother of the children broke into tears and sought ample apologies for her children's ill mannered behavior. At this Raj Mata Ji blessed that it is of no use to blame what has already happened. Children are truly at no fault as they were born and brought up without any involvement of spiritual uplift.

It would be wise to help the children expose to the native culture of love, humility and compassion. Shortly after the family made a point to follow the divine guidance and indeed the children found themselves following the path of righteousness. So it is the need of every child to be molded per the divine prescription in order to

instill and maintain humane properties and help the world become a peaceful place. In an another example shared, reverend Sukhdev Ji recalled that once during a visit to London, reverend Upasak Ji kept receiving a call from a person at which Upasak Ji kept insisting that the task at hand will be accomplished within few days so exercise patience. Raj Mata Ji then learned of the situation that the person on the other side of the phone is insisting to be blessed with God Knowledge, that is Brahm Gyan, however reverend Upasak Ji will be able to do this a few days later. At this Raj Mata Ji blessed that the person indeed has deep and genuine thirst of knowing his true origin and at once directed reverend Gyani Ji to bless the person with God Knowledge right over the phone. And as it turns out that just few short weeks later the recently blessed soul merged into the almighty Nirankar!

Recalling yet another incident, reverend Sukhdev Ji blessed that once renowned devotee Upasak Ji was visiting Punjab, India. Upon the inspiration and encouragement of a devout sister of the Mission, an eager soul agreed to attend the event being hosted in the presence of reverend Upasak Ji. Nonetheless the sister so zealous to learn more about the ideology of the Mission, found herself unable to cross the threshold of the entrance.

Upon inquiry the sister shared that a particular individual in the sewadal uniform has left quite a negative impact on herself and her family.

The particular individual was entrusted with some task and was under a business agreement yet failed to honor the deal! This incident is an example of **how our actions can either inspire or discourage the people around us from following the message of the Mission.** We therefore must always be admonishing our words and actions with extra surveillance.

Sharing yet another example, reverend Sukhdev Ji recalled that once a person approached and expressed his listless towards life and how he felt no drive to find life worth living. At this the person was inquired about having received God. Knowledge (Brahm Gyan) and he at once replied in a nod yet when asked to point to the presence of the almighty formless Nirankar, he pointed to the blue sky. Clearly the bother had not understood God Knowledge, else he would not have uttered any statement in the context of life being worthless.

Furthering the core of the anecdote, saint replied that there is no harm or any rule against not reviving our understanding of the Gyan. Until and unless we don't grasp the gist of Gyan, we are encouraged to re-seek it, provided we have genuine appetite for the same. In relation to seeking Gyan, saint recalled an example from great icon reverend Bhapa Ramchand Ji's life . Once a person expressed keen desire to be blessed with Gyan and at this the person was asked to attend the congregation at the designated venue and it there and then he will be blessed with the same. This routine of the person continuously approaching Bhapa Ramchand Ji for Gyan,

in turn Bhapa Ramchand Ji recommending the person to attend congregation at such and such venue, yet still getting kept from gran Knowledge continued for a while but finally the person was bestowed with Gyan. Upon curiosity we learned that Bhapa Ramchand Ji wanted the person to place value for the Gyan. Baba Ramchand Ji shared that it took him a while to be blessed with Gyan. It was to the point that in order to receive Gyan Bhapa Ramchand ji's wife served as a housekeeping person! Therefore we must acknowledge and deliver the due value to this otherwise priceless entity called Brahm Gyan.

These potent anecdotes help us realize the importance of getting our youth involved with the Mission and help make this world a better place for the entire humanity as well as the importance of human life and its one and only aim of realizing its innate nature.

Concluding the discourse, reverend Sukhdev Ji blessed all attendees for spiritual bliss along with material success.

Upon the conclusion of the event, community meal service was arranged and this also presented an opportunity for saints to exchange spiritual thoughts.

**NY-CT Branch expresses immense gratitude towards Satguru Mata Sudiksha Ji Maharaj for blessing such opportunities to seek and further strengthen divine virtues and become an instrument in the fulfillment of the divine will.**
