

Peace Dialogue - HWPL

San Jose, CA | Sant Nirankari Mission | Tracy Branch, USA

With the grace of Satguru Nirankar, divine blessings of Her Holiness Satguru Mata Sudiksha ji Maharaj, with appreciation from Rev Atul Batra ji and support from Tracy Sangat, our team of volunteer saints from Sant Nirankari Oneness Center Tracy- Northern CA completed an auspicious visit to the Peace Dialogue Event. It was organized by HWPL (Heavenly Culture, World Peace, Restoration of Lights) and took place on 27th July, 2019 in San

Jose. The Sant Nirankari Mission has been associated with the HWPL Organization for over 3 years and participates in their monthly assembly pertaining to inter-religious dialogues of scriptures.

It was a wonderful experience to be able to share the platform with HWPL & other spiritual leaders from various religious disciplines within California. The program was divided into individual sections, in which the host of the event introduced pre-selected questions related to spirituality and the spiritual books of religious leaders.

All of the questions instigated discussions about the significance of the trees of life and death in our lives. The leaders discoursed the nature of these trees in reference to the mentions of them in spiritual books. Rev. Pali Noor Ji clarified that trees as such don't have any connection with spirituality and emphasized on the mission's teachings. He mentioned that physical trees are necessary to life on Earth, for they inhale carbon dioxide and give us breathable oxygen. However, these trees are mere creations of this Almighty and do not have the ability to help humans attain salvation. During the address, he stressed that salvation is not possible without a true Lord Master in our lives.

In other words, the tree of life and its fruit are analogies for the True Master and gyan. Gyan is the fruit that the Lord Master bears and gives to those who seek it.

There was a team of volunteer saints who attended along with Pali Noor Ji from our Tracy Branch.

We thank Satguru and Nirankar for continuing to bless us with such auspicious opportunities here in the U.S.
