

Rev. Tyagi ji's Spiritual Tour of NY (Nov 12, 2017).

With the grace of Her Holiness Satguru Mata Savinder Hardev Ji Maharaj, New York Branch had the opportunity to host a congregation in the presence of rev. Shivraj Tyagi Ji, visiting from Boston, MA. Rev. Shivraj Tyagi ji has been a devout follower of the Saint Nirankari Mission since the late 80s. In addition Dr. Tyagi Ji

has achieved phenomenal merits in the arena of Biochemistry and has been the recipient of several accolades in the field. When scientific knowledge is coupled with knowledge of spirituality, the resulting element is quite potent and especially influential for the upcoming generation. During the congregation, devotees expressed their reverence towards Satguru, Sadh Sangat and the almighty Nirankar through the medium of personal anecdotes, hymns, poems as well as drawing

parallels from spiritual texts Dr. Tyagi Ji blessing the congregation shared that once we are blessed with God knowledge, we must make an effort to bring about and maintain an equilibrium between the mind, body and soul A healthy balance between the three entities leads to contentment. Worldly science has proven

that all human beings residing on the planet are made up of the same set of elements and the science of spirituality has always stated that it is the same element, the soul, that emits within every living form, now that we are equipped with facts from physical and meta physical sciences, we must eradicate walls of ignorance and help unite humanity. Following the community meal, a brief session was held during which Dr. Tyagi Ji extended his expertise to help the youth obtain better understanding of the teachings of the Mission. New York Branch humbly expresses immense gratitude towards Satguru for blessing such opportunity to learn and improve and become an aid in spreading the message of truth and humanity.
