We are all One

The Sant Nirankari Mission is a global spiritual and humanitarian movement uniting people across all communities and walks of life. The Mission believes in equality for all and living responsibly in society. Holding all religious and spiritual movements in high regard, the Mission promotes the recognition of one Formless Essence, 'Nirankar', in every individual.

Our Guiding Force

The Mission, under the guidance of Her Holiness Satguru Mata Sudiksha Ji Maharaj, inspires seekers on their journey to Oneness through the illuminating insight of 'Brahm Gyan' - Self-Realisation through the Knowledge of God.

Her Holiness encourages us to look deeply within ourselves to recognize our authentic self, giving us a deeper insight and greater appreciation of life. Such appreciation allows us to look beyond physical differences enabling compassion, selflessness and acceptance.

Her Holiness and Nirankari Rajpita Ji, have dedicated their lives for the spiritual enrichment of humankind. Their extensive travels take them to various villages, towns and cities across the globe, guiding millions along the path of spiritual enlightenment.

Spirituality in Action

"Once Oneness has been realized, serving people and the planet selflessly is a natural by-product."

The Mission has established more than 3000 Centres for Oneness across Europe, North America, Africa, Asia, Australia, the Middle East and Far East. Delivering numerous projects and initiatives through its dedicated volunteers, the Mission has been widely commended for its work in environmental sustainability, health and social care, community cohesion and disaster relief. Examples of activities worldwide include:

- Tree plantation, land and water cleanliness campaigns.
- Youth engagement and women empowerment programs.
- Elderly assist initiatives.
