

# His Holiness – His work involves me

G. Khambe

To give yourself at His feet,  
Humble your mind,  
Your physical,  
All that you have reaped

To let yourself go,  
In His control you be,  
Let Him steer you  
And guide you,  
In Him having faith so deep

And when this you achieve, you will feel, you will see  
There will be contentment, real happiness and peace will give He

So much He has done and will do,  
So close He will be, so much He will give to me

**BUT**... what else would He want from me?  
What could I give?

There is work to be done.  
As much as I need Him, He needs me

He has plans, He has goals, it won't be easy  
His work needs help,  
His work involves me

Full is the world of anger,  
there is no patience, no tolerance,  
No love to go around

Silent He will not keep  
He has people to meet  
He has love to spread to so many,  
So far, so much He will have to  
give to fight such negativity

Alone, the physical because He is,  
All cannot do He  
His work involves me

The sick, the poor, the wealthy, young or old, the  
religious or just in denial,

It matters not,

All need His touch, all need His comfort  
All wait for just a glimpse of His smile

Their yearning is of ages, their waiting is of miles  
To reach out and touch the hearts of as many,  
There's just so many, He tries all the while

Alone, the physical because He is, all cannot do He  
His work involves me

His vision is so far,  
So great, so deep  
Cannot be dreamt

To give love and  
peace to as many,  
There's just so many

To bring them closer to Him,  
To the one who matters the most

Alone, the physical because He is, all cannot do He  
His work involves me

To have vision like His, in His dreams and to see people like He sees  
To surrender my own and make His work and His goal,  
Become my goal and my dream

To try and think like He thinks,  
Always pure, always good,  
A chance always giving

Constantly thinking of this dream,  
Remembering His vision, His goal  
That work which involves me

And do this for Him I must  
Have passion and desire for Him  
And His dreamt world  
Wanting to help and be a part of His vision  
His vision and work which involves me

Give to Him what will I?  
My all, my own, my passion my energy,  
I will do His work  
And be how He wants me to be  
This I give to thee
