

Every Minute

Every minute, every second,
I'm making a mistake!
I think that I follow your teachings oh lord!
Of course not...
Who am I kidding?
Bad words come out my mouth unknowingly?
I'm hurting somebody's feelings unknowingly?
What sort of person am I?
You're watching me, every single second...
And I still seem to think I can hide?
I need somebody almighty?
Somebody who can guide me through thick and thin?

But who?

That's when you sent down Baba ji...
He's the most humble person on this planet
Always smiling, always happy, and always with me
Now I feel safe and protected
I'm still not perfect, but im getting better.
Keep me with you-Baba Hardev...

I want to make you proud!
