

## My prayer- Ektha Muman

Master, help me...  
I pray to be again free

Free  
From the bitterness I give,  
Free  
From the hate I sadly welcome,  
Free  
From my ego that reaches such heights

Master, why is it that my ego can reach such heights  
Without fear?  
Yet when I climb 3 storeys,  
My heart beats so fast that I cannot hear

Help me master,  
I pray to be again pure.

Cure my body from  
Negative vibes  
Purify my mind & soul  
To beautiful eyes that see  
Only goodness in other lives.

Master, you've taught me everything I know,  
How to love, respect  
And much, much more.  
You explained to me with patience and tolerance  
About the need of Humanity.  
You showed me the right path to take.  
But still my lord,  
I strayed and did wrong  
With the choices I made.

Master, help me  
I pray to just simply be...
