

Sewa (selfless service)

Sewa can be of many forms
From serving food to cutting thorns
Sewa is a duty which we are blessed
It brings happiness to our hearts, puts minds to rest
Not looking at cast, colour or creed
Without looking at age, without any greed
This is the way our sewa should be
Sewa should be done from the heart, wherever needed
Sewa should be a reaction, no one needs to be pleaded
Without desire for reward or commission
Only a desire to spread this mission

This mission of peace and unity
This mission of universal brotherhood and love

Sewa is vital for us all
Every individual, big or small
Sewa gives a unique feeling
Like pollution from within, on the surface is peeling
Sewa is a privilege lets not lose this chance
Your service is needed, just look around and take a glance
Sewa is a blessing lets not waste it
Spread some love and then the bliss, taste it
Sewa is a duty and now is the opportunity
So lets do our bit for world peace and unity!
