You will be valued if you value the human values. tolerance. Just few days back and yesterday we celebrated and dedicated what was announced by United nations. 16th of November as an International Day for Tolerance. Where is tolerance left,where is copassion left, so much greed, so much selfishness, narrow-minded people are living in this world. So we are talking about values that saints and various prophets since time immemorials have given this message to the whole of mankind not for particular class of people or people belonging to a particular cast, creed of culture, this universal message for the whole of mankid. To be successfull, as has been said, no doubt, we work hard to attain success but at the same time we should work hard to be man of values. We want to became man of success in various fields, we want to be successful, so we have to always think of that aspect by which we are considered as truely successful person. Even if we achieve world but if we lose our soul, what have we gain. Wordly achievements, no doubt, are important and saints never said that you don't achieve them but they pointed out towards important factor that do not lose those values and do not lose humanity, humanity is the foremost. We should live the present moments to the fullest.

An example came to mind, that a person was in his house and outside the front door. His wife was shouting and outside the back door his pet dog was barking and his friend was with him and he said, friend which door will you prefer to open first. that person said obviously the back door, I will let the dog in because the moment he will enter he will start barking and he will just try to lick me and try to lift me. I want to enjoy that moment, and if I open the front door first and let my wife inside and next 30 minutes there will be bla bla bla bla and I will be deperived of that happiness which I will get from the dog, my pet (vkeNoK dh Nhw do dFK s nkJh j ns Tj pjs ;ko beK dk fJbki eo oj jB i fe; yk; fpwkoh Bkb ghVs jB ns nkg B TjBK d fttegoD ftukoK ~ ;fDnK i T; Nhw okjh grN ehs rJ fe ;k~ nkgD toswkB gb dk ;otsw Tg:r eoBk ukjhdk j. ;k~ toswkB gb ~ ;goD og Bkb ihDk ukjhdk j.
