Dear Manjit,

Re: Supporting Organ Donation

Thank you for the warm hospitality that was given to Marie Alexander when she spoke to your group about organ donation.

We have received wonderful feedback from Marie about the successful night and that approximately 70 people registered to become organ donors.

As you are aware currently Australia has one of the lowest donation rates in the developed world, with only 10 donors per million population. Therefore talks like the one Marie presented to your group is an important part of raising awareness about organ donation.

We would like to thank you again for supporting organ donation.

Yours Sincerely,
