Press Release:

LET'S UNITE WITH GOD, THE SUPREME SOURCE OF HUMAN VALUES
- NIRANKARI BABA

Navi Mumbai, January 24, 2016: Saints have always inspired people to unite with Truth i.e. God. He is the supreme source of all human values – love, compassion, humility, brotherhood and contentment. While the people of the world are so selfish and their desires surge like waves in the ocean having no end, saints have only one desire to turn the mankind towards God. This is the only way to improve the prevailing atmosphere in the world and turn this earth into a heaven.

This was stated here late last night by His Holiness Baba Hardev Singh Ji Maharaj, Head of the Sant Nirankari Mission, while addressing a huge gathering on the second day of the on-going 49th Annual Nirankari Sant Samagam of Maharashtra in CIDCO ground, Kharghar. Lakhs of devotees of the Mission from all over the state and several other parts of the country and abroad are attending the Samagam.

Baba Hardev Singh Ji Maharaj said that saints and sages have always acted as the thread of the love to knit the various flowers of humanity together. They become bridges to bring man closer to man. That's how they brought dignity and honour to humanity. We have also to become their followers by actually following the path they followed. They adopted love, compassion, humility and tolerance and thus brought peace and harmony. And that is how we can create an atmosphere cherished by all. That is how we can safeguard religion, the true religion of humanity.

Baba Ji said that there is no dearth of people who claim to be the followers of saints, Gurus and prophets. But they are living far from Truth. They are deluded since they consider rites, rituals and dogmas as religion. Moreover, their actions are just contrary to what the spiritual masters preached. In this way they are defaming their religion. They criticise others rather than improving themselves.

His Holiness said that people become atheists only when they see these religious people behaving like devils. Instead of love, they indulge in hatred and violence. Instead of giving smiles they put salt on the wounds of others. They just forget human nature and act brutally. Hence, no wonder if those who see them refuse to believe in the very existence of God and turn atheists.

Baba Ji referred to the 62 Chiropractic doctors from UK, USA, Canada and several other countries who have set up a health camp at the Samagam for free treatment of chronic orthopaedic patients. He said that even God likes such a selfless service to humanity. Where there is compassion, there is God, he said. Baba Ji said that those who give prominence to others become prominent. This is

because they act with such feelings of love, respect and compassion that make life beautiful and they become prominent.

Baba Ji said that this Samagam too seeks to inspire people to follow what saints, Gurus and prophets have been teaching man through word and deed. This is the only way to salvage humanity from the path of destruction and make the earth beautiful.

Beside the main Satsang programme, the Samagam has many other attractions for the participants, Nirankari Exhibition being prominent among the same. Inaugurated by the Maharashtra Minister of State for Social Welfare Shri Dilip Kamble on January 20, it has been attracting huge crowds of visitors. Everybody is feeling impressed to know the history, philosophy and various activities of the Mission depicted in the exhibition. Similarly, the Mission's publication stalls are also attracting devotees in large numbers.

His Excellency Consul General of Canada Mr. Jordan Reeves too visited the Samagam on 23rd January, 2016.
