Press Release:

A DEVOTEE IS SAME FROM WITHIN AND OUTSIDE

-- NIRANKARI SATGURU MATA JI

Mumbai, January 29, 2018 : A true devotee is always the same from within and outside. He lives his thoughts by action. He overcomes the ups and downs of life with God-realisation as his base.

This was stated by Nirankari Satguru Mata Savinder Hardev Ji Maharaj while blessing the 2nd day open session of the ongoing 51st Annual Nirankari Sant Samagam of Maharashtra, late last night in CIDCO Ground Kharghar. Lakhs of devotees of the Mission and other God-loving people are attending the 3-day event.

Her Holiness said that during Sewadal Rally, we saw small girls doing Rope Mallakhamb so easily and comfortably. This was possible for them because they concentrated on it and did not get affected by surroundings. Similarly, a true devotee does not feel carried by materialistic environment, like we have in Mumbai, but concentrates on Sewa, Satsang and Simran.

Satguru Mata Ji referred to Mumbai as a film city and said that actors act as instructed by their directors while the same is not reflected in their daily life. Devotees, however, are the same from within and outside. There is no difference between what they say and what they do. Quoting another example, Her Holiness said that even a good shop loses customers if road leading to the shop is dirty. Similarly, a shop with good approach loses customers if the goods it sells are of poor quality. We have therefore, to be good both in thought and action.

The day was marked by speeches, poems and songs in various languages including Marathi, Hindi, English, Rajasthani, Gujarathi, Bhojpuri, Sindhi and Konkani.

The devotees took keen interest in Mission's literature, photographs and other material at various publication stalls. They also availed at Chiropractic Clinic and Mandal's own dispensaries.
