Sant Nirankari Mission  
766 Lidgerwood Ave  
Elizabeth, NJ 07200

Dear Neelu and the members of the Sant Narinkari mission,

I want to congratulate you on another excellent lifesaving blood drive. We registered sixty-five people and collected fifty-seven Units (this includes seven donors on the Red Cell Only Machines). There are very few groups that show your level of commitment to saving lives. Unfortunately, New Jersey has the lowest level of blood donation in the country – less than 3% of eligible donors.

The impact that Sant Nirankari Mission has made on the community cannot be underestimated. Your continued support of Central Jersey Blood Center and our local hospitals is invaluable.

We particularly enjoyed conversing with all the donors at the drive. It was also an honor to be able to speak during your service.

We look forward to strengthening our bond and scheduling blood drives with you again in the future.  
Keep up the great work!!!!

Sincerely,

Jessica Law  
Account Manager
