

Month of February holds a very dear place in the hearts of every devotee of the Nirankari world. It is the Guru Puja Diwas month and it is celebrated joyously across the globe. As per the directives of the head of the Mission, spiritual mentor Satguru Baba Hardev Singh ji Maharaj, the most apt way to observe this day is by harboring and promoting greater human sentiments. Sentiments of unity, oneness, love and compassion.

With this being the divine will, various humane causes are organized and taken part in to on this day. Tree plantation, Cleanliness, Coat Drives, Food Drives are a few examples of such. New York Branch too hosted a Food Drive in association with the world renowned House of Ronald McDonald Children's Hospital. This organization has been providing a great range of services as well as residential facility to parents, guardians and relatives of children undergoing treatment at the affiliated hospitals.

The event was held on the **21<sup>st</sup>. of February, 2016** at the locally held congregation venue .evotees from all parts of New York region as well as

neighboring states, participated in the event with exceeding zeal. The entire morale of the event was further amplified as representatives from House of **Ronald McDonald Children's Hospital**, Ms. Jane and Mr. Sal made their way in to the receiving area.

Experiencing such immense selfless love and compassion, Ms. Jane and Mr. Sal found themselves completely mystified. They not only expressed gratitude towards Mission's numerous humanitarian/social causes but also greatly related to the core ideology of the Mission. The entire atmosphere was so welcoming that the pair of guest speakers remained drawn to the congregation in progress and took part in the communal meal as well.

Devotees of the

New York Branch humbly pray to the formless almighty to continue to bless with such opportunities and help materialize the divine dream of a "World without Walls"
