## **Inaugural Youth Congregation**

With the grace of Satguru Mata Savinder Hardev ji Maharaj, New York Branch incorporated a new feature, Youth Satsang, in its routine. The primary goal behind this endeavor is to encourage the young members of the branch to come forward and advance their spiritual learning. This exercise also helps the youth develop their roles and responsibilities as the citizens of humanity.

The inaugural Youth Satsang was held on September 24<sup>th</sup>. 2017 at Vaishnav Temple, New Hyde Park, NY. Rev. Dave Dhanoa ji,

visiting from Toronto, CA, presided over the satsang, while rev. Aseem Malik ji conducted the agenda as the stage secretary.

During the course of the satsang, several youth members of the branch shared their thoughts, views and personal experiences as well as spiritual hymns.

One youth extrapolated on a quote that he had recently come across and shared that a truly enlightened being has neither friends nor foes. He perceives one and all with equi-vision and therefore dispenses only love, kindness and such humility.

In concluding remarks, Rev. Dave Dhanoa ji blessed that let us gain clarity on what we want to achieve.

Are we aiming for a life of a gurusikh yet bypassing all the hard-work and determination it requires, then we will not reach our goal.

We must adhere and apply the teachings of the Satguru as is and it is only then we will reach the stage that was achieved by the iconic figures of the Mission as Babu Mahadev Singh ji, Rishi Vyas Dev ji, Bhagat Kotumal ji and countless gems of the Mission.

New York Branch expresses immense gratitude towards Satguru, sadh sangat and the almighty Nirankar for the initiation of such a wonderful platform and seek blessings for a successful continuation of the same.
