

Nirankari Youth helping during Hurricane Florence Sep 2018

From 13th to 17th Sep 2018, a big Hurricane Storm named Florence passed through North Carolina USA which brought lot of destruction, flooding and wind damage. One of North Carolina's local saint Rev. Sahil Dayal Ji who is a first year Medical Student, Eagle Scout as well as certified EMT professional decided to register in Red Cross along with his 20 fellow classmates. All of them were assigned to help Hurricane victims who became homeless because of rising water levels in their homes. Various shelters were set up near the coast line where the hurricane hit the hardest. Rev. Sahil Dayal Ji helped in Plymouth and Greenville North Carolina. Rev. Sahil Dayal Ji is really glad that he could help people in need, by providing support through music or talking, distributing resources, or helping provide medical care. He further hopes that he made a difference for someone! It is good to see Nirankari youth helping in the surrounding communities and following Satguru's message.
