

## World Peace Spiritual Dialogue held by HWPL

Monday 17th April - 17 in Fremont - USA.

### 1. Spiritual Realm

1) Knowledge about the physical world can be attained through secular books. Then where must we find knowledge about the spiritual realm?

2) If there is a person in your religious text that teaches things regarding the spiritual realm, how did he/she come across this knowledge about the spiritual realm? Has he/she been to the spiritual realm?

3) What is the evidence that the spiritual realm described by him/her is trustworthy?

### 2.The Afterlife

4) How is Heaven and Hell depicted in the Scriptures of your religion?

-Is there a record of a case where someone has been to heaven or hell?

-What is the evidence that proves the existence of heaven and hell in the spiritual realm?

5) How is the attainment of Buddhahood, the eternal cycle of birth, death, and rebirth and/or resurrection explained in the Scripture of your religion?

-Is there anyone who has attained Buddhahood or has been liberated from the eternal cycle of birth, death, and rebirth and/or resurrection?

- What is the evidence that can prove the existence of Buddhahood (liberation from the eternal cycle of birth, death, and rebirth) and/or resurrection?
