## The Lighthouse

The Lighthouse is a tall, strong structure standing upon the highest point of land that is close to sea and its potential dangers. It notifies sailors that land is near and warns them that they are approaching rocks, reefs and shallow waters which must be navigated with caution. The Lighthouse is also a comforting sign that the calm waters of a welcoming harbor are close at hand.

The purpose of the Lighthouse is to illuminate the way. It is never to choose or judge the path one takes. We are each on our own individual path. We each choose our own experiences. It is nice to have the Lighthouse shining brightly, making it easier for us to see with clarity what our options are and which direction is best suited for us.

Having said that, millions of people in this world are

blessed with Sant. Nirankari mission and Her Holiness

Satguru Mata Savinder Hardev ji, and Satguru is playing a role of Lighthouse in millions of life, illuminating the way to show the path to live spiritual life and helping millions to achieve ultimate goal of life, which is knowing god.

The Lighthouse stands alone and tall in both light and darkness and it, along with its beacon, is a focal point which Symbolizes strength, guidance and safe harbor; it is a Spiritual "Welcome Mat" for all those who are traveling by sea.

We all are travelling by sea, traveling can be compare with our life, water represent emotions in our life, Our lighthouse Satguru providing the guidance as god knowledge which is available to us during the times we feel we are being helplessly tossed around in a sea of inner turmoil.

Storms consist of both wind (air) and rain (water). And as air is the element representing the mind, and water is the element representing the emotions, storms symbolize agitated thoughts and emotions. Sant Nirankari Mission constantly teaching the world by giving God knowledge that acceptance, love and faith in Nirankari is ultimate way to go through the storms. HH Satguru mata Savinder Hardev ji tirelessly working towards spreading the god knowledge and blessing millions of lives. Sant. Nirankari mission constantly teaching a simple and spiritual way of life. HH constantly illuminating our way in all directions and enabling millions who are drifting at sea with god knowledge to guide in right direction and be unaffected by the storms.

As we compared sea with this world, every human being also has their own world, the way Her holiness illuminating the world, by sharing the god knowledge, by teaching a spiritual way of leading a life, Sat guru mata ji also instilling lighthouse in every human being as well, so that god knowledge can be further spread and every human being those comes in touch of gurskih also get enlighten.

Our sat guru wants that each one of the guru skih also become lighthouse, so that whole world can be a place where everyone regardless of cast, color can experience the love and whole world gets illuminated with the light of god knowledge and become a place where everyone can live in harmony, can lead a peaceful, spiritual life.

Therefore, the Symbol of the Lighthouse reminds us that, regardless of how turbulent our emotional seas may become, we need only focus on the Guiding Light of the Spiritual Lighthouse within us. Our Inner Lighthouse is our inner strength; it is our ninrankar-within; it is our Atman.

Our inner Lighthouse instilled by Sat guru is our spiritual guide which safely directs us to that peaceful path which resides within each and every one of us; a port-of-call that provides us with calm waters, safe harbor and emotional tranquility from the turbulent seas which are currently surrounding us.
