Satguru: The Lighthouse

The Glow of God knowledge is must for removing the glooms of ignorance and illuminating the soul. One can have God knowledge only from True Master "SATGURU".

Satguru is just like a lighthouse that Stands tall in admits of either water or at a high altitude from where its light guides the ships in the water and shows them right direction to move forward. When Satguru imparts GOD Knowledge our souls gets illuminated and we get that power of standing tall among the trials of life and the light that shines within us not only guides us but also help others who see the light within us.

Light house has been a very important symbol in Christianity. Lighthouse stands alone and tall in both light and darkness and is the focal point which symbolizes strength, guidance and safe harbor. Strength of light house is symbolized by its location as it is close to sea and dangers. Our inner lighthouse is also our spiritual guide which safely directs our path, and this is God knowledge given to us by our Satguru.

Like parents Satguru or True master guides and guards his devotees.
