

Dear Mr. Malik,

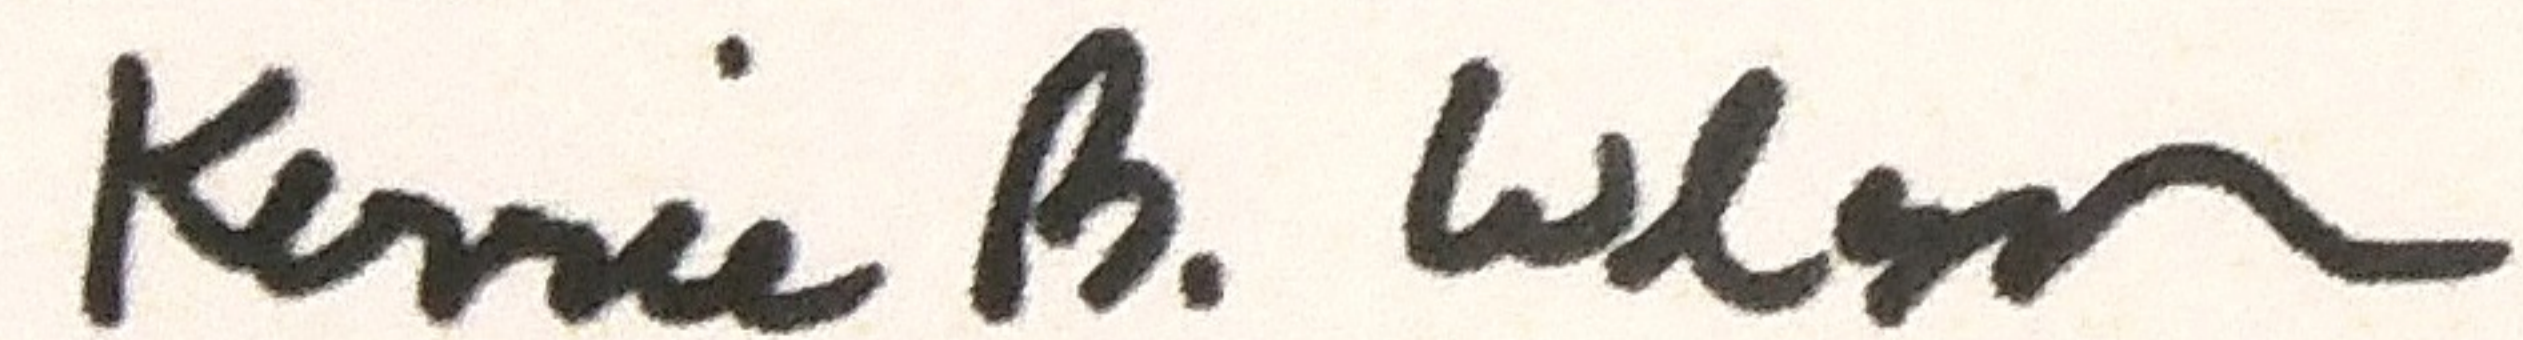

February 18, 2016

Thank you for your recent donation to Cornerstones. **With your generous support, unsheltered homeless adults living around our community have a place to seek shelter from the cold weather.**

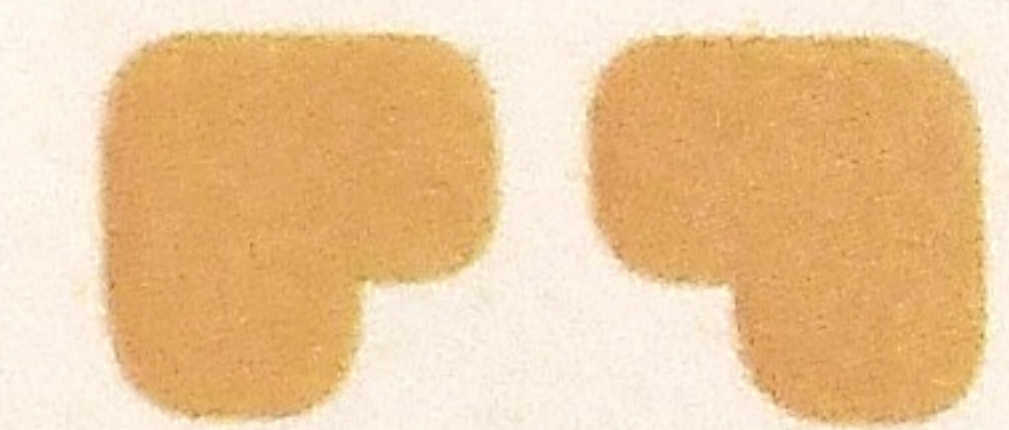

Your donation is helping us operate the North County Hypothermia Prevention Program to prevent weather-induced illness and loss of life among homeless men and women in our community. We expect to serve 250 individuals this season who live outdoors, in cars, or in other places unsuitable for human habitation.

On behalf of the Board of Directors and staff, thank you for choosing to support Cornerstones and the men, women, and children who find themselves needing emergency assistance to obtain stability.

With sincere appreciation,

Kerrie Wilson, Chief Executive Officer

**Cornerstones**   
**Hope for Tomorrow Today**
